A SOW'S EAR.

The Puerto Rican tariff bill has caused protest from and trouble in the Republican party as no measure has done since the close of the civil war. We do not wish our readers to receive our statement as authority, and for that reason we give statements made in leading Republican journals in the East.

The Philadelphia Bulletin, when speaking of relief for the island people, said: "What the Puerto Ricans are entitled to receive is not charity, but justice."

The Chicago Inter-Ocean says the Puerto Rican bill is "an atrocious betrayal of trust," and asks "if it is any wonder that the whole Republican party and the whole intelligence and conscience of the country have arisen in revolt at the atrocious betrayal of trust which the National House of Representatives has perpetrated upon them." Speaking of the attitude of the Senate it said: "An appeal to the President will be in vain," charging that "he is more responsible for the work than any man in the country," and adds that the attitude is more perplexing when it is compared with his various utterances in the country, and cites: "At St. Louis in October, 1898, he proclaimed for this country and its new possessions, one flag and one destiny." In Chicago five days afterwards he declared "that our victory must not lead to the desertion of the immortal principles on which this Government was founded." In Atlanta one month later he said "that in expanding we would still hold fast to the traditions and principles of the past."

Continuing to cite the words of the President, the Inter-Ocean said: "At Ocean Grove in August, 1899, he told an audience of 20,000 that our flag does not mean one thing here and another in Cuba or Puerto Rico. At Philadelphia some time afterwards he said that the Philippines are as much a part of the United States as Pennsylvania. At St. Paul he assured his hearers that our new possessions were not to be governed as vassals, or serfs or slaves, but would receive a government of taxation without tyranny, justice without bribe."

The Chicago Journal says the Puerto Rican bill is not a blunder, it is a crime. Speaking of the betrayed islanders, it said: "An Administration Senator delicately expressed the situation the other day. * * * In a few weeks the people and the newspapers will have some other sow by the ear, then the tariff bill can be jammed through." The paper adds: "There is a settled conviction that what the Administration and its supporters now meditate is not merely a blunder, but a crime. Not only an act that will furnish campaign thunder to the oratorical patriots of the opposite party, but an act of dishonesty, a mean, swindling, pocket-picking enterprise that turns all our promises to hypocrisy and dishonors us in the court of conscience."

We might continue to give extracts which are not complimentary to the administration from leading Republican journals, but sufficient has been given to show the state of public feeling over the tariff bill. The Republican papers quoted from handle the administration in a way that would lead to a conviction that they are not aware of the straits it is in. Money it must have for campaign purposes to meet Republican methods, which require more of the needful than newspapers know about, or there would not be manifested the feeling by them over the Puerto Rican bill that appear in the extracts above given.

The Senator who gave his opinion upon public affairs before the people believes that he has the size of the Republican party upon public matters, which belief is confirmed by an abundance of evidence to be within the truth; but it would not do to act upon a theory that Republicans are a dull people politically, as the "sow ear" comparison made would indicate is the view of the Senator who used it.

Whoever may be of the opinion or may say that the size of a Republican is to follow his leader, or that loyalty to his party is loyalty to his government, or that he knows nothing politically beyond these matters, has made a mistake.

The Republican party was built on conscience, and it continues to rest upon its foundation; but the quantity of political rubbish that has accumulated about its base from the many questionable positions it has assumed, and the many questionable schemes which have received its support, excludes its foundation from light. The portion of the structure that is exposed

posed to view is rotten and contains all manner of questionable proceedings against the people to their injury; but should the party do anything that will reach and stir its conscience, it will be equal to the occasion that awakens it.

The present gives indication of an awakening such as there has not been since the first gun was fired at Fort Sumpter; but it remains to be seen whether conscience will make an appearance, or continue to sleep till death overtakes it, and an imperial government has been substituted at Washington for the system that has given the republic in a little over a century its enviable position among the nations in wealth, intelligence and power.

Lincoln, who attended her that fearful night. GIVES CAPE NOME A BLACK EYE

A Prospector Who Found no Gold Condemns the New Diggings.

Special to the JOURNAL.

WASHINGTON, March 26.—The Secretary of the Interior today received a long letter from James A. Grout at Seattle, the latter having just arrived there from Cape Nome. He states that people who go to Cape Nome, expecting to reap fortunes, will be badly mistaken, as it is all bunko game. Mr. Grout says he went to Cape Nome with a party of four and during the entire season there they never struck any gold.

He says the transportation companies and merchants at Cape Nome are distributing tons of literature booming up the mines at that place, but in reality there is little gold there. If the people of the United States still persist in coming to that place there will be awful loss of life as there are no medical facilities and money is very scarce.

THE STATU QUO AT MAFEKING

Relief of the Beleaguered City Seems to Be Far in the Future.

Special to the JOURNAL.

LONDON, March 27.—4:15 A. M.—The apparent inability of the British forces to relieve Mafeking is perplexing military experts here. Some 7,000 men are engaged with Lord Methuen at Warrenton, and now another column has left Kimberley for Griquatown, whose ostensible purpose is to drive out the Boers. General French has returned to Blomfontein having apparently failed to head off Commandant Oliver.

Boer horsemen are constantly attacking the British outposts from Biggarsburg to Warrenton. It is becoming the general belief here that relief of Mafeking is a long ways off. The "Times" prints a statement that the Boers are unable to put more than 30,000 men on the fighting line.

Two Reno Firms Bid.

WASHINGTON, March 26.—Bids were opened today at the Bureau of Indian Affairs for the construction of a frame dormitory at the Carson Indian school. The bidders were two Reno firms, Clough & Gulling and F. M. Schadler. The former bid \$9,795 and the latter \$12,360.

Political Drift.

DES MOINES, Iowa, March 26.—Significant of the drift of affairs political is the result of the election in this city today. Jeremiah Hartenbower, Democrat, defeated Mayor John MacVicar, Republican, by 800 majority. Two years ago MacVicar beat Hartenbower by 1500 votes.

Sharkey Will Meet McCoy.

NEW YORK, March 26.—Kid McCoy and Tom Sharkey signed tonight for 25 rounds to be fought before the Seaside Sporting club, winner to take 60 per cent of the receipts.

WON'T BUY THE V. & T.

Special to the JOURNAL.

SAN FRANCISCO, March 26.—Collis P. Huntington says that he has not purchased the Virginia & Truckee road and has no immediate intention of doing so.

"We purchased the Carson & Colorado Railroad," he said tonight. "That is the only property in Nevada we require. Pretty soon we will utilize it as a link in the new line from Southern California to connection with the Central Pacific."

GRANITE HILL MINES SOLD

A Fifteen Thousand Dollar Deal

Was Made in This City Yesterday.

Another mining deal was consummated yesterday. The group of claims on the north end of Granite hill owned by T. H. Deegan, Henry Anderson, J. A. McDonald, Martin Goltisela and John Kellock, was sold for \$15,000. The claims are known as Go Down, Joker, Aurora and Barstow.

The purchasers are a number of San Francisco capitalists who are able financially to work the mines on a large scale. The locators were not anxious to sell, as the mines have paid from the first stroke of the pick. It was discovered by Mr. Deegan and associates last June. Ore has been shipped that returned \$1,601.27. There is at present nearly \$3,000 worth of rock on the dump, notwithstanding that the owners have been doing dead work for several months.

The ore is half copper. It also carries about \$40 in gold, besides a quantity of silver.

The terms of the agreement placed upon record yesterday were that \$5,000 is to be paid in forty days, \$5,000 more in eighty days and the balance in four months. The sellers will devote their attention to equally promising claims in the vicinity. They will be allowed to extract ore for forty days, which will give them at least \$5,000 worth for shipment. Their pay streak is at present eighteen inches wide.

Gone and Done It.

John F. Haley of the JOURNAL force took unto himself a bride a week ago. The lady in the case is, or was, Miss Minnie D. Shields. These young people were very secretive and mysterious. The groom even went so far as to treat the County Clerk to soda water if he would promise not to divulge the secret. He also went to the extreme of writing up the copyist in the Clerk's office in a nice little item a "sticker" long if she would promise to keep mum.

Murder and marriage will out. In consideration of the wishes of the contracting parties, the JOURNAL scribe suppressed the item until it finally came to light in another paper.

Yesterday they faced the music and smiled sweetly at their many congratulators.

Extensive Prospecting.

A project is taking definite shape in this city that will permit of prospecting being done on a large scale. J. H. Brown is heading the enterprise, which will doubtless result in the incorporation of a company with considerable capital. The purposes will be to locate and develop claims, to acquire and work mines, and possibly to erect reduction works. A number of prominent business men are interested in the project.

Former Renoite Dies.

Thomas Barnett died in San Francisco Sunday morning. He was formerly a resident of this city, where he was engaged in the mercantile business. He leaves three children to mourn their loss. One of them is Mrs. Harry Davis of Reno.

By Jury of Her Peers.

Mrs. Mary Peterson and her aliases, who got into the clutches of the cold blooded and merciless cops the other day, demanded a jury trial and will languish in the prison cell until the law's delays permit of the trial of the case.

WAS IT SUICIDE OR ACCIDENT?

Morphine Ends the Life of James Cummings.

News of the death of James Cummings created a great sensation, and greater sorrow. The former was due to the wide circle of acquaintances of the deceased, and the latter was owing to the circumstances attending his death.

Mr. Cummings preferred death to disgrace. He had courage to swallow a fatal drug, but not to face a jury. Saturday evening he was placed under arrest by U. S. Marshal Emmitt on the charge of robbing the mails. The allegation is that he removed sums amounting to nearly \$160 from registered letters. The charges were preferred against him by the government. Bail was fixed at \$2,000, which he procured.

At noon Sunday he retired to his room in the International hotel in Virginia and swallowed a quantity of morphine. He was thought by friends that called upon him to be in a natural sleep, and it was not until 7 o'clock in the evening that it was discovered that he was passing into the sleep of death. It was then too late to save him from the drug.

IN THE ARMS OF THE HILLS

A Prosperous Village at the Base of the High Sierras.

Sierraville is the metropolis of Sierra valley. It is charmingly located at the western base of the high divide, where half a score of mountain brooks sweep out upon the plain from the mountain gorges. Although the agricultural lands in this vicinity are probably no richer than in other portions of the valley, there are larger crops produced on account of the abundance of water. The scenery around Sierraville is grand beyond description. The mountains which form a semi-circle around the town, are wooded with magnificent pines from base to summit. In outline they are wild and rugged. At their feet lies the emerald valley dotted with the homes of well-to-do people, who are satisfied with the spot in which their lines are cast. The climate is incomparable. There is life and health in the piney breezes.

Sierraville has a population of about 300. Its business houses are large and well stocked. The town is a supply point for mining camps, lumber mills and agricultural communities. Its future is assured.

The village is becoming sought after by summer tourists. The hunting and fishing are good. Hot springs of rare medicinal qualities are near the town.

A Night of Terror.

"A awful anxiety was felt for the widow of the brave General Burnham of Machias, Me., when the doctors said she could not live till morning," writes Mrs. S. H. Lincoln, who attended her that fearful night. "All thought that she must soon die from pneumonia, but she begged for Dr. King's New Discovery, saying it had more than once saved her life, and had cured her of consumption. After three small doses she slept easily all night, and its further use completely cured her."

This marvelous medicine is guaranteed to cure all throat, chest and lung diseases. Only 50 cents and \$1. Trial bottles free at S. J. Hodgkinson's drug store.

The Suwanee River.

Stephen C. Foster's dear old song "The Old Folks at Home," or, as it is more familiarly known, "Way Down Upon the Suwanee River," is the source from which the late William C. Sterling has drawn the theme and title for the new comedy drama, "On the Suwanee River," which comes to McKisick's opera house March 28th.

The play is said to have a healthy moral and has been treated in an intelligent manner. It tells the old familiar tale of mortgaged estates, love, intrigue and the final downfall of villainy; but it is the old story told in new language and new situations.

Cold Steel or Death.

"There is but one small chance to save your life and that is through an operation," was the awful prospect set before Mrs. L. E. Hunt, of Lime Ridge, Wis., by her doctor after vainly trying to cure her frightful case of stomach trouble and yellow jaundice. He didn't count on the marvellous power of Electric Bitters to cure Stomach and Liver troubles, but she heard of it, took seven bottles, was wholly cured, avoided surgeon's knife, now weighs more and feels better than ever. It is positively guaranteed to cure Stomach, Liver and Kidney troubles and never disappoints. Price 50 cents at S. J. Hodgkinson drug store.

Piano Recital.

Reno is to have a musical treat Tuesday April 3rd Miss Enid Marguerite Williams will give a piano recital in the opera house. She will be assisted by Miss Gretchen Barnett, contralto. Miss Williams is possessed of a delicacy of touch that enables her to interpret the masterpieces with artistic correctness. Miss Barnett has a voice of remarkable quality. The box sheet opened next Wednesday at Rosenthal & Armand's. Tickets 50 cents.

A Monster Devil Fish.

Destroying its victim, is a type of Constipation. The power of this murderous malady is felt on organs and nerves and muscles and brain. There's no health till it's overcome. But Dr. King's New Life Pills are safe and certain cure. Best in the world for Stomach, Liver, Kidneys and Bowels. Only 25 cents at S. J. Hodgkinson's Drug Store.

Quite Metropolitan.

For an unincorporated agricultural community, Reno has recently been taking on very unpeasant airs. There is little of the bucolic in a view down Virginia street or Commercial Row, as the Saturday evening crowds promenade, the nattily attired beau and the scrumptiously gowned belle display their toilets and their breeding to the admiring throng.

A Bad Accident.

A bad accident happened to Cunningham & Ferguson the other day, but that does not affect their fish business. They will have fish from below every Wednesday and Friday. They also carry a full line of groceries.

For Over Fifty Years. Mrs. Winslow's Soothing Syrup has been used by millions of mothers for their children when teething. If disturbed at night and broken of your rest by a sick child suffering and crying with pain of teeth send at once and get a bottle of Mrs. Winslow's Soothing Syrup for children teething. It will relieve the poor little sufferer immediately. Depend upon it mothers there is no mistake about it. It cures Diarrhoea, regulates the Stomach and Bowels, cures Wind Colic, softens the gums, reduces inflammation and gives Tone and Energy to the whole system. Mrs. Winslow's Soothing Syrup for children teething is pleasant to the taste and is the prescription of one of the oldest and best female physicians and nurses in the United States. Price 25 cents a bottle. Sold by all druggists throughout the world. Be sure and ask for "Mrs. Winslow's Soothing Syrup."

The action is brought to recover the judgment and degree of said court re-forming a certain deed, and the execution thereof, made and delivered by said defendant to the plaintiff on or about the month of January, 1894, conveying to plaintiff certain lands in Township 30 N., R. 19 E., in Washoe county, described in plaintiff's complaint, and to quiet plaintiff's title to said lands, and remove a cloud from plaintiff's title thereto, and for general relief.
